## SUMMARY

Motivated and detail-oriented Information Technology fresh graduate seeking an opportunity to apply skills in programming, system development, and software testing. Eager to contribute to organizational success while enhancing my technical expertise in a collaborative team environment.

## PROFESSIONAL EXPERIENCE

IT Support Intern - PRU Life UK, Makati

March 2025 - July 2025

- Support in technological platforms and issues encountered by team
- Perform Ad hoc and data management tasks
- Utilize automation tools and scripts for repetitive tasks

## PROJECTS

PUPTAS (Capstone Project)

2024-2025

PUPTAS is a capstone project developed by JAMS group. The main features include an automation process of admission and the Optical Character Recognition (OCR) of scanned files and requirements. Mary Joy is the **lead developer** and also part of the **QA** and **documentation** team.

DEEPTXT.SPACE

2025

DeepText is a simple web-based application for cryptography (encryption and decryption) developed by JAMS group. The goal of developing this project is to apply the basic concept of IAS 2 and System Administration. Mary Joy was the **project manager/developer** throughout the project.

SCRIBENOTE

2024

Scribenote is a note-taking app developed by Hypertechs2.0. Mary Joy contributed as a **developer**, and also assigned in **functional** and **stress testing**.

APEX BANK

2023-2024

Apex Bank is a small web application project to simulate online banking by Hypertechs. Apex Bank is integrated to other simulator applications for online transactions. Mary Joy was a **co-developer** and a **Quality Assurance** for this project.
